

Request for Award Instructions and Terms and Conditions

(June 2018)

Thank you for your interest in the EmPOWERED To Serve Urban Health Accelerator™ award opportunity. This grant is intended to support the mission of the American Heart Association (AHA) to build healthier lives, free of cardiovascular diseases and stroke. The Request for Award (RFA) must align with and support this mission.

EmPOWERED To Serve™ (ETS) is the American Heart Association's multicultural program and movement developed to build a sustainable culture of health in diverse communities across America and encourage more people to get involved in their communities.
